

## 50' Modern Boxcar Data YELLOW O Scale

The screenshot displays a detailed technical specification sheet for a 50' Modern Boxcar. The top section lists car identification codes (CU SE, SH RV, ION ICE) and their corresponding values for different models (e.g., CAPY 154000, LD LMT 154300). The middle section provides weight and capacity data (LT WT 60300, LD LMT 154300). The right side features diagrams of the car's doors and loading mechanisms, including door opening dimensions (DOOR OPENING W 10'-0" H 9'-10") and door opening W 10'-0" H 9'-10". The bottom section details specifications for components like springs (D-5 SPRINGS), wheels (2-W STEEL WHEELS), and keystone (27 KEYSTONE). A vertical watermark 'Highball Graphics' is visible on the right side of the interface.
