Description

**Rapido Trains Inc. commissioned us to develop this decal set that will number their unnumbered sets of Canadian National Barrel Ore Cars being released later this year. Each set will number 12 - 35' cars built in 1967 and 12 - 42' cars built in 1975. We also added 12 numbers for the 42' cars built in 1973 along with a build date decal.**
