

## Boston & Maine RS3 PH III Blue Dip - HO Scale

Boston & Maine repainted seven Phase III RS-3's into the blue dip scheme. These included 1506, 1508, 1511, 1512, and 1517-1519. All had slight variations on their lettering. This set reflects those differences. Bowser did a beautiful job on their factory painted model but the lettering needs to be corrected. Please do your research before you correct or renumber your model. Note: 1506, 08 & 11 had their Steam Gen. removed when repainted.

Created to Correct Bowser's Factory Painted Models

Boston & Maine RS3 PH III Blue Dip - HO Scale
